Connect 2027

The Seaton High School Connect Program is an Entrepreneurial SACE Package offered in collaboration with The Resilience Project. This program combines Stage 1 Integrated Learning (10 credits) and Stage 1 Community Studies (10 credits).

This program is open to Year 10 and 11 students at Seaton High School in 2027.

Students in this program will engage in a diverse range of external experiences aimed at igniting their sense of passion and purpose. Through volunteering or engaging in community projects, students will create value and change for themselves by creating value and change for those around them, locally and within the wider community.

This package enables students to align with pathways that include, but are not limited to:

- Allied Health, Community Volunteering, Community Service and Education.
