Ground-breaking Partnership with Flinders University

Turn Your Passion into Your Future

At Seaton High School we believe learning should inspire possibility. Through our ground-breaking partnership with Flinders University, students can transform their passions into meaningful careers through innovative Industry and Capability SACE Packages and Pathways that connect learning with the real world and provide guaranteed university pathways for eligible students.

Our SACE Pathways are co-designed with industry and university partners to develop the capabilities that matter most in the future world of work—creativity, collaboration, critical thinking, communication and adaptability. Students learn through authentic industry projects, real-world challenges and innovative experiences while building a personalised pathway aligned to their interests and aspirations.

Whether your passion lies in Business and Entrepreneurship, Engineering and Robotics, Artificial Intelligence and Cybersecurity, Creative Industries, Health, Education, Science or Sustainability, Seaton students can access a wide range of Flinders University degrees through clearly defined pathways that make the transition from school to university more connected, purposeful and achievable.

This partnership is about more than university entry. It is about empowering every student to discover what they love, develop the capabilities to thrive in a rapidly changing world, and graduate with confidence, purpose and a future full of possibilities.

Learn with purpose. Graduate with confidence. Thrive in the future.
