

Design, Innovation and Entrepreneurship 2027

The Seaton High School Design, Innovation and Entrepreneurship SACE Package is offered in collaboration with several leading contemporary South Australian designers. Past collaborators have included jeweller Renee Damiani and digital illustrator and photographer Elle Dawson-Scott.

By engaging in this program, students will gain vital industry insight from key industry collaborators. This program is open to Year 10 and 11 students in 2027. Students will complete Stage 1 Visual Art (10 credits) and Stage 1 Design (10 credits).

Through participation in this SACE Package, students will develop their entrepreneurial mindset and enterprising capacity through hands-on experience developing their arts and design skills.

Students will be equipped with the in-depth knowledge required to establish and maintain their own successful business in a complex and rapidly changing workforce. Students engagement with industry experts and a range of experiences will ignite their passion for the design industry and build understanding of associated career pathways.
