Sports Industry Pathways 2027

The Seaton High School Sports Industry Pathways Entrepreneurial SACE Package is offered in collaboration with industry to provide insight into the diverse career opportunities within elite and community sporting and recreation organisations.

With access to industry connections, first class facilities, data acquisition and analysis platforms, students explore and enhance their understanding of participation and aspects in the high performance athletic space.

This program is open to Year 10 and 11 students in 2027. with a pathway to Stage 2 in Year 12. Students engaging in this program will complete Stage 1 Physical Education (20 credits).

This Entrepreneurial SACE Package enables students to pursue specific areas that lead to careers in sporting and community organisations. Some of these include, but are not limited to:

- Human Movement, Occupational Therapy, Sports Engineering, Personal Trainer, Coaching, Sports and Recreation Management, Sports Science, Sport Psychologist and Biomechanist.
