

Diamond Sports - Baseball Specialist Program 2027

Applications are now open for Year 7, 2027

The Diamond Sports - Baseball Specialist Entry Program allows students to study baseball as a subject. Students receive specialist coaching from state, national and international coaches. Our excellent training facilities include baseball fields together with outside batting tunnels and bullpens. The Indoor Training Centre is the best of its kind in Australia, with pitching machines and video analysis software in each tunnel incorporated to maximise player development.

The course involves all aspects of baseball delivered in both theory and practical settings and includes instruction in nutrition, sports psychology, scoring, umpiring, coaching, training techniques, physiology and more.

Entry into the Diamond Sports - Baseball Specialist Entry Program is based on an application and try-out. Applications close Wednesday 22nd October 2025. Please use the QR code or follow the link provided to fill out your online application:
