

# **Emerging Technologies Specialist Program 2027**

### Applications are now open for Year 7, 2027

The Emerging Technologies Specialist Entry Program provides students with the opportunity to engage in a range of creative applications of emerging technologies such as robotics, computer aided design, advanced manufacturing and resin 3D printing. Students tackle real world challenges framed around conservation and applied geospatial science using UAV technology and industry standard 3D mapping software PIX 4D. Seaton High School integrates design, innovation and entrepreneurship to create a learning environment that focuses on problem solving and critical and creative thinking to empower students with the key skills imperative for jobs of the future.

Entry into the Emerging Technologies Specialist Entry Program is based on testing and an interview. Applications close Wednesday 22nd October 2025. Please use the QR code or follow the link provided to fill out your online application: https://bit.ly/4fKU2Vm

If you would like to attend the Emerging Technologies Specialist Entry Program Parent Information Evening on Thursday 18th September 2024 from 6.00pm – 7.00pm please RSVP via the link: https://bit.ly/4opsHFT
